Continuation of 2. NOTE: the newly added claim term: "a single arm, and the arm is directly connected to both ...support member" recites in the independent claims 1, 13 and 17 raises new issue.

Continuation of 5. does NOT place the application in condition for allowance because: of the rejections recited in the Final Office action filed 11/3/03. Applicants' remarks/arguments filed with the above identified reply have been fully considered but they are not persuasive because they rely basically upon the newly added claim term, which is determined as "new issue" noted above.
